

# Introduction

Objective of Project: To build a Library Management System, which would provide all basic library functions.

Rational: To improve Library Services and reduce paperwork.

Scope of Project:

- ✓ To make the existing system more efficient.
- ✓ To provide a user friendly environment where user can be serviced better.
- ✓ Make functioning of library faster.
- ✓ Provide a system where the library staff can catch defaulters and not let them escape.
- ✓ To minimize the loss done to books.
